About This Game

UPDATE JAN-20-2017:
Lot of graphics improvements and other updates since launch!

ELEPHANT EXPRESS - Taxi and Delivery services around the Jungle!

Immersive and fun Virtual Reality game designed for HTC Vive

Give your jungle friends a taxi ride and deliver mail packages around the jungle. Just swing the tail and start flying!

Touch job takes you to exotic locations from jungles to dark knights, dangerous caves and abroad. Watch out for evil crocodiles, spiders, snakes and other dangers that are waiting for you!

Specially designed gameplay for HTC Vive! Unique controls for flying the elephant and picking up objects. Use GRIP buttons to adjust scene position/height and SCALE it larger for more immersive experience!

Each episode has its own special theme and characteristics. Current version includes 5 episodes (total 75+ levels), meaning hours of gameplay. And more episodes coming!

Current episodes are:
- Introduction

- Mail for Hippos (15 levels)
- Night Shift (15 levels)
- Cave Expedition (15 levels)
- Winter Special (15 levels)
- Chinese New Year (15 levels)
...and more coming!

LANGUAGES: English, Chinese (simplified), French, German, Spanish, Swedish, Finnish! (you can suggest us additional languages)

ROOM-SCALE is game play area is recommended, but game can be easily played also as STANDING or SEATED. You can use the controller GRIP BUTTONS to move around the scene if you have limited space.

Players can also ADJUST THE HEIGHT using the same grip buttons mentioned above. So the game is also playable for smaller kids and taller persons!

Apocalypse The Game
Campaign - World Changed

(Note) Alright, so overall everything has been going to plan, I can't write about
much because I've been too occupied with keeping the whole F.o.B off my back. I
have got a working prototype of Project Echo though, it had some unexpected
side effects, but it's had a great success rate so far, even if it is psychotic.
