[The User's Account Has Expired On Windows 10](#)

The screenshot shows the 'General' tab of a Windows user account settings window. At the top, there are three tabs: 'General', 'Member Of', and 'Profile'. Below the tabs, there is a user profile picture and a name field. Underneath, there are two text input fields: 'Full name:' and 'Description:'. At the bottom, there is a list of five checkboxes with their corresponding labels: 'User must change password at next logon', 'User cannot change password', 'Password never expires', 'Account is disabled', and 'Account is locked out'. The 'Password never expires' checkbox is checked, and a red arrow points to it.
